*Everything
but ordinary*

The Austrian Wood Composer

Innovative spirit with traditional roots.

Located in Rosenau in Upper Austria, RoHol brings you cutting-edge processing of high-grade timber, all the way from tree trunk to topquality furniture.

Producing an architecturally-sophisticated, individually-customized design is just as important to us as finding solutions for innovative visions. We offer, not only the highest-quality of products, but also, an

unparalleled diversity. Furthermore, we strive continuously to develop and to offer new and remarkable luxury veneer surfaces. In this sense, we see ourselves as a perpetual supplier of ideas for ambitious quality veneer solutions.

Design & Diversity. Interior Design made by Austria.

Preserving values for generations.

From the heart of the national park to the homes of our customers our company has been successfully operating as a reliable family-run business for almost 35 years. RoHol stands for top quality, individuality, customization and appealing designs. **Made by Austria.**

Luxury veneers.

More than 100 precious species of wood in many different surfaces, gradings and structures from the RoHol company available. Also available as a composite fixed veneer.

Fleece-It.

represents a selection of the finest most popular veneers pressed on fleece for immediate use. In defined format for simple processing of noble veneers.

Luxury veneered boards.

Everything from MDF to fireproof boards, from blockboards to plywood and special constructions.

Manufactured products.

Working hand-in-hand with our clients to develop and implement individual requirements e.g. combining our natural material, wood, with different metals, synthetics or insulating materials.

Sauna & Spa.

We provide sophisticated designs with innovative technical solutions using SaunaPly and SPress© - naturally with formaldehyde-free glue.

WoW - „Wood on walls“.

The planks of raw natural wood are resource-friendly, easy to handle and the top-quality processing produces a surface which is warm and appealing and integrates perfectly into timeless interior designs.

End grain veneer.

From a technical point of view, this remarkable-looking veneer, is created by merely changing the cutting angle. From an optical point of view, a whole new world of design possibilities unfold.

Mountain Line.

The use of genuine natural materials is currently in trend and there are endless possibilities for featuring, not just wood, but also natural stone in various interiors.

Crack.

Crack's strong structure presents a unique experience for the senses. Streaks of the colours brown, black or white, flow through the marked crevices and create a truly exceptional veneer surface.

Galaxy.

Wonderfully warm high-grade timbers really start to shine at RoHol. With the help of black light, our wood becomes a dazzling highlight in any interior.
